

"Lest You Forget" Again We Say "Use Pearl I. C. Roofing Tin"!

Fit For a Mansion--Best For a Cottage! Burning Coals, Driving Sun, Beating Rain Don't Harm It!

It is the Roofing Tin that dares come out with a TRADE MARK and a GUARANTEE! It is not a nameless—ordinary Roofing Tin; it is easily identified—easily made responsible,—because we stand behind it ready to make up any shortage in the manufacture—in the Quality! The trade mark on every piece was put there for YOUR PROTECTION; the fact is advertised for your information. In short Pearl I. C. Roofing Tin is so SUPERIOR that we want all the facts published to the builders, contractors, architects, tanners and dealers of the land. This is what the tin does: It last longer---it is fire proof---it is not injured by the sun, rain, nor wind---it is heavier, of better material, and better made---it is easy to put on!
